Finn: Li, are you there?
Li: Just choosing some books for the train journey Finn!
Finn: Oh yeah? Where are you going?
Li: 哈尔滨 – 长途旅行。 I want to take all these books with me. But look, my bag's too small!
Finn: Why don't you use an e-reader?
Li: 什么电子阅读器?
Finn: 今天的潮语都和电子阅读器有关。They're just so much more convenient. You can download e-books on the go.
Li: On the go 在路上 – great phrase!
Finn: Here's how you use it!
You can also download books on the go, like here at the beach.
Li: You can read novels on the go.
Finn: I'm always on the go. I wouldn't want to carry lots of books up Everest.
Li: Enjoying a book on the go is easy like at this rock concert.
Oh that's better. But Finn, I just enjoy the look and the feel of real books.
Finn: The look... the feel.
Li: 看上去的感觉the look和手触摸的感觉, 触感 the feel.
Finn: Li, I like the look of e-readers, much more modern.
Li: But the feel of a book, there's nothing like it!
Finn: E-readers use e-ink 电子墨水儿 – so the look is just like real books.
Li: e-这个, e-那个... I don't e-care!
Finn: Li 你不是要赶火车吗?
Li: 坏了! Oh, yes...

Li takes the train to Haerbin

Li: It's so cold. 今天的潮语是 **on the go** 在路上，还有看上去的感觉 **the look and the feel** 手触摸的感觉。
